h) Various Pedagogical Approaches, Drshya siksha sangrah with proof:

- **Lecture based teaching-learning:** Modern approaches often combine lectures with interactive methods, such as group discussions, problem-solving, and technology, to make the learning experience more engaging and effective.

- **Group-teaching and learning: Collaborative Learning:** Students work together in small groups, sharing knowledge, perspectives, and ideas to achieve a common learning goal.

- **Individual learning/self-study:** self learning certificates.

- **Inquiry based learning:** active learning approach where learners explore questions, problems, or scenarios rather than being presented with facts. It encourages curiosity, critical thinking, and problem-solving skills by involving students in the learning process through investigation and discovery.

• **Expeditionary learning:**

- i. Learning Expeditions:
- ii. Fieldwork and Case Studies
- iii. Authentic Projects
- iv. Experts and Community Involvement
- v. Reflection and Assessment

• **Active learning :**

is an educational approach where students learn from and with each other through collaboration, discussion, and shared problem-solving. It promotes active participation, enhances communication skills, and fosters a deeper understanding of the subject matter.

• **Experimental learning:**

Experiential Learning is a hands-on, active learning approach where students learn by doing and reflecting on their experiences. It emphasizes direct engagement with real-world tasks, allowing learners to apply theoretical knowledge in practical scenarios. This method fosters deeper understanding, problem-solving skills, and long-
