Vision & Mission of MLRITM

Vision

To be a globally recognized institution that fosters innovation, excellence, and leadership in education, research, and technology development, empowering students to create sustainable solutions for the advancement of society.

Mission

- To foster a transformative learning environment that empowers students to excel in engineering, innovation, and leadership.
- To produce skilled, ethical, and socially responsible engineers who contribute to sustainable technological advancements and address global challenges
- To Shape future leaders through cutting-edge research, industry collaboration and community engagement.

Quality Policy

- Ensure excellence in education through innovative teaching and continuous improvement.
- Promote ethical, skilled, and employable graduates who drive sustainable technologies
- Encourage research, industry collaboration, and community engagement for societal benefit.

12. Celebrating the birthday of Shri MLR garu	35

NEWS

MESSAGE FROM THE DIRECTOR

Charge your career with Certifications

At MLRITM, we are committed to equipping our students with the skills and knowledge needed to excel in a rapidly evolving professional landscape. While our curriculum provides a strong foundation, we believe that additional certifications serve as a powerful reinforcement, bridging the gap between academic learning and industry expectations. By pursuing relevant certifications, students gain specialized expertise, enhance their technical proficiency, and improve their employability in competitive job markets.

We encourage all students to take advantage of these opportunities and actively engage in certification programs that align with their career aspirations. These credentials not only validate their skills but also instill confidence, adaptability, and a spirit of continuous learning—qualities that are essential for success in today's world.

Let us encourage our students to transform as autonomous learners.

Let us strive to go beyond the classroom and make learning a lifelong journey.

Prof. P. Sridhar
Director,
MLRITM, Hyderabad

Mr. K. Shekar, CSE-A

It's the season of annual sports @ MLRITM.

In today's fast-paced and competitive world, academic excellence alone is not enough to ensure a successful career. A fit body and a sound mind play an equally crucial role in shaping an individual's professional journey. Physical fitness enhances stamina, focus, and overall well-being, while mental resilience fosters clarity, creativity, and effective decision-making. Engineering, being a demanding field, requires not just intellectual capability but also endurance and sharp problem-solving skills—both of which are greatly influenced by a balanced lifestyle.

At MLRITM, we believe that holistic development is the key to success. Encouraging students to engage in sports, yoga, and mindfulness activities alongside their technical education helps cultivate discipline, stress management, and a positive mindset. A healthy body fuels an active mind, and together, they pave the way for innovation, productivity, and a fulfilling career.

Let us embrace this synergy and strive for excellence in both body and mind to unlock our full potential.

Prof, Solomon Bondla
Chief Editor
MLRITM, Hyderabad

MLR Students and Faculty @work...

INDUSTRIAL VISIT TO NRSC (NATIONAL REMOTE SENSING CENTRE.)

CSE

The CSE department organized an enriching industrial visit to ISRO, providing students with invaluable industry exposure. This visit bridged the gap between theoretical learning and real-world applications, allowing students to witness cutting-edge advancements in space technology and computational systems. Engaging with experts, they gained insights into satellite communication, data processing, and software development crucial to space missions. This experience not only broadened their technical understanding but also inspired them to explore career opportunities in aerospace and research, reinforcing the vital connection between academics and industry.

SEMINAR ON CYBER SECURITY AND DIGITAL LITERACY

CSE-CSC department successfully organized a one-day seminar on "Cyber-Security & Digital Literacy Awareness" by sponsored by United Way Mumbai . On February 21,2025 at SR-321 seminar hall.

CST

Cloud quest Hackathon

The Department of Data Science is hosting a "Hackathon on Cloud Computing" led by Mr. Ravinadh, a trainer from Syntho Quest, scheduled for February 1-2, 2025. For further inquiries, please reach out to Faculty Coordinator : Mr. B. Ragavendra- Assistant Professor -CSD & Student Coordinators : B. Krishna Chaithanya at 7780355864 or M. FACULTY ATTENDED FDP

Dr. N. Srinivas Professor, Mr. K. N. Bhushan Assistant Professor, B. Koteswara Rao Assistant Professor, V. Koteswara Rao Assistant Professor, S. K. Hima Bindhu Assistant Professor, R. Raja Kishore Assistant Professor, Dr. I. Adum Babu Associate Professor, B. N. Srinivas Assistant Professor of ECE department participated in the One Day Workshop on PG Certification course on AI and ML on 31st January in Delhi.

PAPER PUBLISHED IN JOURNALS

Pedapudi Lavanya Assistant Professor, of ECE department published an online paper in the SCI/Scopus indexed journal in February titled Design of near-infrared imaging system using Nd-YAG laser at 1064 nm and gated InGaAs camera.

FACULTY INVOLVEMENT IN COMMUNITY DEVELOPMENT AND SOCIAL RESPONSIBILITY

Anil kumar. A, Assistant Professor from ECE department has participated in Anti-Drug Awareness campaign organized by Marri Laxman Reddy Institute of Technology and Management on 28th January.

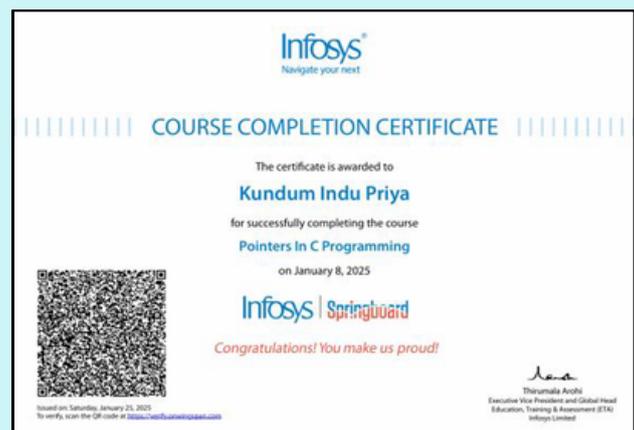

STUDENT INTERNSHIPS/ STUDENT CERTIFICATIONS

Kannithi Naresh bearing roll number 227Y1A04F5 has attended a 10 week Google Android Developer Virtual Internship online course from October to December and received the certificate in January.

K. Indu Priya bearing hall ticket number 237Y1A0408 completed the course Pointers in C Programming on January 8, 2025 and also completed the course Python Clean Coding on January 24, 2025 in INFOSYS.

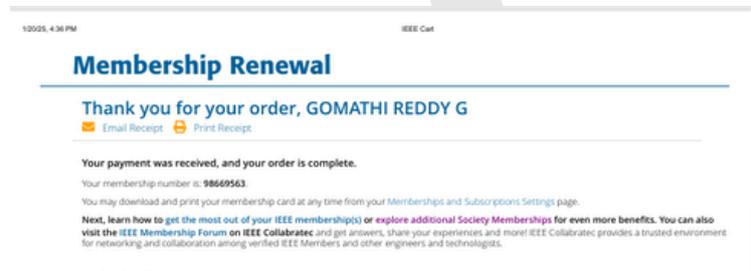

ECE

ECE

STUDENT AND FACULTY MEMBERSHIPS IN PROFESSIONAL BODIES

Gomathi a final year student bearing hall ticket number 217Y1a0417 purchased student IEEE membership with membership ID: 98669563 on 20th January.

FACULTY ACHIEVEMENTS AND AWARDS

Proud to announce that Dr. N Srinivas, Professor and HOD of ECE department received a Reviewer Certificate, on 13th February for the event titled Transactions on Emerging- Telecommunication Technologies at Wiley.

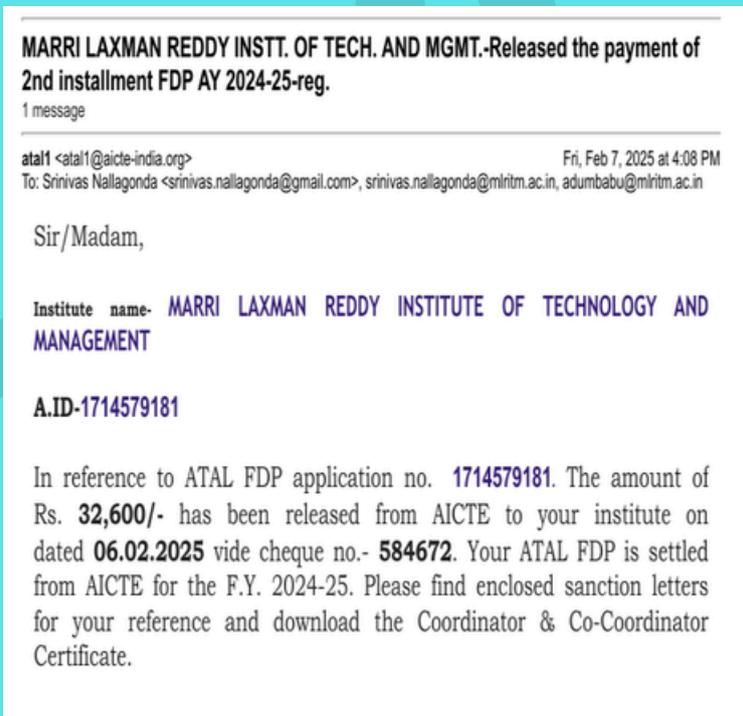

Proud to announce that Dr. K. Manikanta, Assistant Professor of ECE Department received Best Young Researcher Award, on 28th February for the event titled Knowledge Research Academy at Coimbatore, Tamil Nadu

RESEARCH GRANTS SANCTIONED BY GOVT./INDUSTRIES/NON-GOVT. ORGANIZATIONS:

Dr. N. Srinivas, Professor and HOD of ECE department, received in reference to ATAL FDP application no. 1714579181. The amount of Rs. 32,600/- has been released from AICTE to your institute on dated 06.02.2025 vide cheque no.- 584672.

STUDENT PARTICIPATION IN INTER-INSTITUTE CONFERENCES / WORKSHOPS/ SEMINARS/HACKATHONS:

Vadla Abhinay bearing hall ticket number 227YIA0402, Buddol Dinesh Reddy bearing hall ticket number 227YIA0411, Juttu Madhu bearing hall ticket number 227YIA0429, participated in Design and Entrepreneurship (IDE) Bootcamp from 17th February to 21st February at Gyan Ganga Institute of technology and Sciences, Jabalpur organized by AICTE and Ministry of education.

Bakki Mahesh has successfully participated in Cloud Quest One Day Hackthon at Marri Laxman Reddy Institute of technology and Management organized by Syntoquest private limited on 01-02-2025.

STUDENT INTERNSHIPS/ STUDENT CERTIFICATIONS:

Y. Koushik Kumar bearing roll number 237YIA0414 has completed the AICTE and 'VOIS for Tech University Engagement Program' led Virtual Internship on 'Block chain Technology' online course from 10th January 2025 to 05th February 2025.

STUDENTS PROJECT PRESENTATIONS/ DESIGN CHALLENGES / PROFESSIONAL SOCIETIES

P.Sai manoj bearing hall ticket number 247Y5A0422, A.Harish bearing hall ticket number 247Y5A0401, received an award for the contest Anveshana 2025 A Regional level Science engineering Fair on 7th February 2025 for the title Wireless Power Transmission.

WIRELESS POWER TRANSMISSION

Wireless Power Transmission (WPT)* is a technology that enables the transfer of electrical energy without physical wires. It works through electromagnetic fields, such as inductive coupling, resonant coupling, or microwave transmission. WPT is widely used in applications like wireless charging for smartphones, electric vehicles, and medical implants.

MENTORS
STUDENTS

A.HARISH, P.SAI MANOJ, N.VARSHA, PRATHIK

Two Students N.Saiteja and N.Karthik reddy bearing hall ticket numbers 237Y1A04H0 and 247Y5A0419 participated in the National Science Day-2025, Technical Conference on 28th February at MARRI LAXMAN REDDY INSTITUTE OF PHARMACY and received second prize on the topic Smart Home Automation by using KME Smart.

California State University

Congratulations to Paladi Bhavya for receiving the Academic All-Star Award from California State University, Fresno! This recognition is a testament to your hard work and dedication during the Fall 2024 semester. Keep up the great work

MBA

**A Step towards
career building**

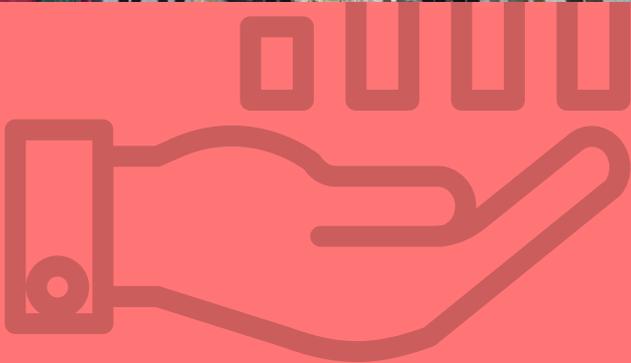

BUSINESS IDEOLOGY

IIC successfully organized a one day seminar with the theme of ' Don't be a Job seeker be a Job provider ' in partnership with the Swaralambi Bharat Abhiyan Scheme of India, led by Shri. Satish Kumar on January 23, 2024, aiming to motivate and empower entrepreneurs. Collaborative efforts like these can truly drive entrepreneurship and economic growth in the country

International Opportunities- Interaction Session

MLRITM successfully organized an "Interaction session" on "Opportunities in the United States," led by Prof. Jejal-Reddy Bathi, P.E., Environmental Engineering Coordinator, on January 2, 2025, in room MG117. The session was well-attended, with 156 students participating, highlighting the keen interest in exploring educational and professional pathways in the United States.

ACADEMY SUPPORT CENTRE WITHIN CISCO NETWORKING ACADEMY

MLRITM has been designated as an Academic Support Centre within the CISCO Networking Academy program, marking a significant milestone in our commitment to excellence in technical education. This prestigious recognition empowers us to provide advanced networking and cybersecurity training, equipping students with globally recognized industry skills. Through hands-on learning, expert mentorship, and access to cutting-edge CISCO resources, students gain a competitive edge in the job market. This initiative strengthens academia-industry collaboration, fosters innovation, and enhances career opportunities, preparing students to excel in the rapidly evolving field of networking and IT infrastructure.

BRIDGING THE GAP BETWEEN THEORY & REAL TIME EXP. : AN INDUSTRIAL VISIT

An industrial visit was organized for the students of Civil Engineering from Marri Laxman Reddy Institute of Technology & Management to Aparna Synergy, a prominent residential and commercial landscaping company. The purpose of the visit was to give students an insight into the practical aspects of landscaping, urban development, and green building practices. The visit aimed at bridging the gap between theoretical learning and real-world application in the field of landscape design, architecture, and sustainable construction.

ANTI DRUG AWARENESS

MLRITM is set to host an " Anti-Drug Awareness Campaign " on January 28, 2025, featuring Chief Guest Shri. SP. P. Seeta Ram garu , a representative from the Anti Narcotic Bureau . The event, taking place at the auditorium, is organized in collaboration with the Innovation and Incubation Council (IIC) and the National Service Scheme (NSS) , aiming to raise awareness about the dangers of drug abuse and promote a healthier lifestyle among students and the community.

SAFE DRIVE PROGRAM

The NSS Team successfully collaborated with the Honda to host a "Safe Drive Programme" on January 8, 2025, where students engaged in enjoyable test drives and participated in a general knowledge quiz , earning prizes from Honda for their efforts.

DIGITAL YATRA

MLRITM students conducted a series of technical sessions for government school students across various districts, including Medak, Nizamabad, and Hyderabad, as part of the "Digital Yatra" initiative.

This effort, organized under the Telangana Information Technology Association in collaboration with Digithon, aimed to enhance digital literacy and equip young learners with essential technological skills. Such engagements not only foster knowledge sharing but also inspire the next generation to explore opportunities in the evolving tech landscape.

Fit Week

TEAM NSS successfully organized "FIT INDIA WEEK 2025" from January 20 to January 25, 2025, in collaboration with the Ministry of Youth Affairs and Sports. This initiative aimed to promote physical fitness and a healthy lifestyle among the youth, featuring various activities and events designed to engage participants and raise awareness about the importance of fitness for overall well-being.

NATIONAL-LEVEL TECHNICAL FEST

Get ready to ignite your engineering spirit at Valorous 2025, our college's prestigious national-level technical fest, happening on March 28th and 29th!

The Department of Electronics and Communication Engineering (ECE) is thrilled to present a dynamic lineup of events designed to challenge your skills, spark innovation, and foster collaboration.

Why Participate?

- Gain hands-on experience and enhance your technical skills.
- Network with industry experts, faculty, and fellow students.
- Showcase your talent and creativity.
- Win exciting prizes and recognition.
- Learn about the latest advancements in ECE.
- Have fun and create lasting memories!

Mark your calendars for two days of exhilarating competition and knowledge sharing
